THE VALUE VISION PLAN

(\$70 annual eye exam and \$150 materials allowance)

COBRA Rates	Add 2% to above self funding levels
Services Not Covered	Services for injuries or conditions covered under Workers Compensation Insurance; treatment covered by a health plans or conditions requiring treatment by a physician
Plan Reserves	Self funding estimates are projected to cover all costs for vision claims and third party administration; if utilization is lower than projected, plan reserves can be rolled into subsequent years and self funding levels can be adjusted downward to reflect actual utilization for the specific group

Submit complete census to PESC Administrators for a more precise quote of self-funding levels for The Value Vision Plan.
